JAMES OLSON PASSED AWAY

The sad news was received Tuesday of the death at 5:00 o'clock that morning of James Olson at his home in Grand Blanc, Michigan. Mr. Olson had been ailing with leakage of the heart for many years and in May had an attack of the intestinal flu from which he never fully recovered. He was a patient in the hospital at Goodrich for a couple of months and later at a Flint hospital with care by specialists, but nothing could be done for him and a week ago he returned to Grand Blanc, where he passed away.

James Olson was a former Grayling boy and although not born here had spent the greater part of his life in Grayling. He was the son of John Olson, now of Saginaw and when a young boy his parents moved here from Minnesota. He attended the Grayling schools and later took a course at Ferris Institute to fit himself for business and shortly after was engaged as logging superintendent for H. Hanson & Sons, in whose employ he remained until he went into business for himself. On April 17, 1911 he was united in marriage in Grayling to Lena Peterson, and their home was blessed by five children, one of whom passed away in infancy.

Nine years ago he left for Oxford where he engaged in the lumber and coal business and where the family remained until three years ago when they moved to Grand Blanc, Mich., and at Oxford he had also operated a lumber and coal yard at Grand Blanc, but disposed of the business at the former place continuing the business at Grand Blanc.

During his boyhood days in Grayling he was generally known as "Olson" and by which name he was still called by his best and most intimate friends. He was a bright, and industrious young man and made a success of everything he attempted. His thorough knowledge of the lumber business, industry habits and methods brought him signal success and many warm friends. He passed out of this world on his 41st birthday—only in the prime of life. He left this life with a record of achievement and a mark of fine manhood, loved by those who were near and dear to him and by a large number of sincere friends.

Surviving are his wife and four children, Joy, Clayton, Ruth and June. His father, John Olson and one sister, Mrs. Andrew Smith both of Saginaw and one brother H. E. Olson of Detroit. Those from Grayling who left to be at attendance at the funeral were Mayor Hans Petersen, father of Mrs. Olson, Mr. and Mrs. Earl W. Dawson and family, who were joined here by Victor Petersen of Gaylord.

The funeral is being held this afternoon at Grand Blanc with interment at that place.

PLAN BETTER WATER FOR CAMP GRAYLING

Soldiers who attend encampments at Camp Grayling in the years to come will have the convenience of better sanitary conditions and a better supply of drinking water.

Col. Edward D. Rich, state sanitary engineer, recently announced that he will start on the new project as soon as the present encampment is over, Sept. 1. A new and modern sanitary system will be installed and the present water system will be amplified and improved. Contracts for the work have already been let.

POLITICAL ANNOUNCEMENT

To the voters of the 28th Senatorial District. I respectfully announce my candidacy for the office of State Senator of this district to be nominated at the Primary election on September 4th. If nominated and elected I will at all times be on the job in Lansing.

FAMOUS PACER WILL TRY TO BREAK RECORD AT STATE FAIR

An attempt by Grattan Bars, the famous Canadian pacer, to break the State Fair track mile pacing record of 1:59 1/2 will be made on Wednesday, September 5, Governor's Day, during the five-day racing program at the fair, according to Fair officials. Five afternoons of racing, from Monday to Friday inclusive, will bring some of the most famous horses and drivers from all over the country during State Fair week, September 2-6.

Grattan Bars, whose owner, Fred Throver, of Kerwood, Ont., is said to have refused \$100,000 for the horse, has already won three Derbies in succession, and is so fast he will not be entered in competition with the other horses on the program, but will be driven by Vic Fleming, veteran race horse driver in a special effort to break the fair track record. Of special interest to the thousands of women visitors at this year's fair will be the exhibits in the Department of Domestic Economics, under the direction of T. H. Broughton, of Lansing. Here every opportunity will be afforded the housewife and others interested in the home preparation and preservation of foods. A total of 3070 will be offered in this competition, which will be offered to Michigan women only.

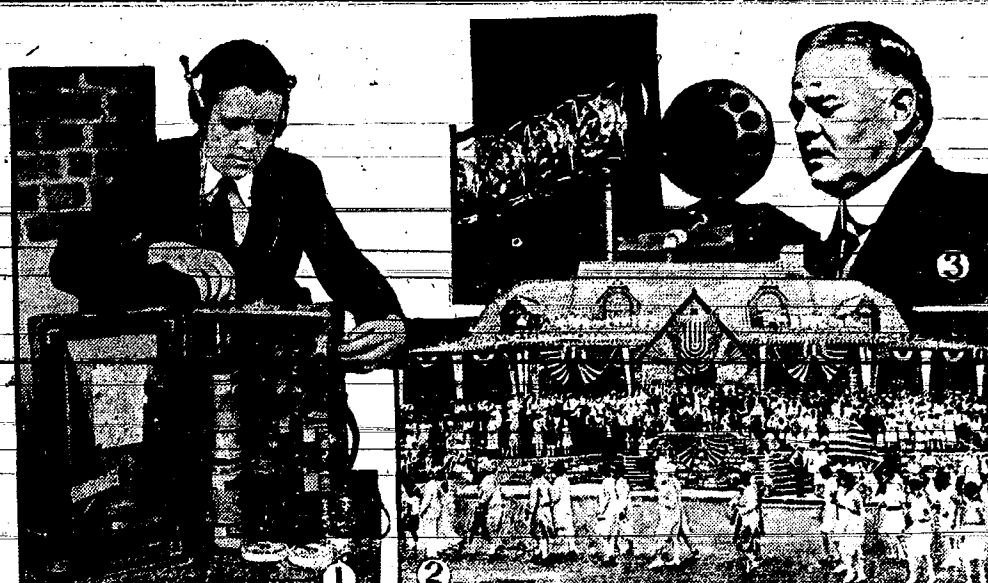

Entries for this department will close on Monday, August 27. All articles for exhibition in the various departments of home economics must be strictly homemade, and the work of the person entering the exhibit. The entries must be in place by 6 p. m. on Sunday, September 2, and must not be moved before the close of the fair on September 6 without the permission of the superintendent. Among the classes open for entries will be home-baked goods of all kinds; candy; canned goods; dried fruits and vegetables; preserved meats; jams and jellies of all kinds; pickles and miscellaneous home products such as maple sugar, home-made soups, vinegars and salad dressings. There will also be a special sweepstakes class, featuring the best strength of the ladies in the State through the scientific examinations and health advice given during the contest. Entries will close on Saturday, September 1, and entries can be made either by mail or in person on blanks which will be furnished on application to the fair offices here. Examination of babies will start Monday, September 3 at 10 a. m. and awards will be announced on Saturday, September 8 at 11 a. m. First, second and third ribbons will be awarded winners.

During the fair two novel contests will be held for the State Champion Horsehoe thrower, under the rules of the National Horsehoe Pitchers Association, and a contest for the State Champion Old Fiddler. The contest for the fiddler's contest must be over 60 years of age and the contest will be held at the band stand in the grove on Wednesday, September 5 at 3 p. m. Walter Palmer will receive entries in the fiddler's contest at the State Fair office up to 6 p. m. on Saturday, September 3. No entry fee will be charged.

COMING

Dr. A. S. Allard, optometrist of Bay City will be in Grayling at Shoppenagons Inn, Tuesday Sept. 4. Now is the time to have school children's eyes examined, glasses fitted that give results at reasonable prices. Gross eyes straitened without drugs or knife. Remember the date, Tuesday, September 4.

GUN CLUB GIVING TWO-DAY SHOOT

MANY OF MICHIGAN'S CRACK SHOTS TO ATTEND SEPT 2 AND 3

Grayling Gun Club will initiate their new shooting grounds and club house on Labor Day and Sunday the day before, by giving a two-day shoot, at which time scores of Michigan's crack shots will participate. This will be a registered shoot, and given under auspices of Northern Michigan Trappers League, of which Grayling Gun club is a member.

The big program will begin at 10:00 o'clock sharp on Sunday, September 2nd, and will start off with four events of 100 16-yard targets. Trophies will be divided into four classes—Lewis class. Four suitable trophies will be awarded each class. A silver trophy of the ten lowest scores, on total scores. A red target will be thrown to each squad, which pays \$1 if dead. All ties will be decided by the reverse score system. 50 Target Distance Handicap. Another attractive event will be the 50 target distance handicap. Trophies will be awarded for 1st, 2nd and 3rd on the total score.

Labor Day Program

The Labor Day program, which also will begin at 10:00 a. m. sharp, will consist of a 100 yard distance handicap, with four events. Some substantial cash prizes and trophies are offered in these events, which are certain to attract a large number of shooters.

A silver cup trophy is being offered by the Northern Michigan Trap Shooters League, and can only be won by a member of the league.

This will be a registered shoot, given under authority of the Amateur Trappers Association, of which the club is a member. The club has granted a certificate showing proper registration for the conduct of this shoot.

New Club House and Grounds. Carl Mickelson and other members of Grayling Gun Club have been working hard to have in readiness their new shooting grounds and club house. This is located off the lake road about 1 1/4 miles west of Grayling. The road entering the grounds leaves M-93 just before reaching the first turn in the road after crossing the bridge.

There will be three modern traps installed, and the range is much superior to that of the former grounds, giving a much clearer vision for the shooters.

The club house is cozy and comfortable, and includes a culinary department where meals will be served upon the days of the shoot. Mrs. Bobenmeyer will have charge of the lunches, which means good eats.

Grayling Shooters Invited

Grayling shooters are urged to participate in these events. Mr. Mickelson says he is anxious that Grayling makes a good showing. There is going to be plenty of opportunity for medium class shooters as well as the most skilled. Spectators too will be welcome.

The Dog's Jungle Hang-Over

The reason a dog turns around several times before lying down is said to be because his ancestors found it necessary to do so. The dog, being a domesticated animal, is a survivor of wild forefathers that lived in jungle grass. If they wanted a comfortable bed they had to turn around several times to level the grass. Today's dog goes through the same process instinctively.

At 10:30 a. m. the pastor will speak on the theme "The Narrow Road." We quote thoughts suggesting some of our minds. "The tragedy of life does not lie in pain, nor poverty, nor old age. It is in man's failure to his friends." We put on the financial drives in the last war with the result that we killed many men. How much money are we investing in the larger and more humane task of saving life? "Our country is because all countries are." "What Window Will speak on the subject: "Doing big things in a small place." So many people think they have to live in places to do big things. Jesus came and dwelt in Nazareth, and going out from Nazareth, He became the Saviour of the world.

At 8:00 p. m. the pastor will again speak on the subject: "Doing big things in a small place." So many people think they have to live in places to do big things. Jesus came and dwelt in Nazareth, and going out from Nazareth, He became the Saviour of the world.

TOP O' MICHIGAN POTATO SHOW

The Top O' Michigan Potato Show Association has secured the services of Professor E. V. Hardenburg of Cornell University, Ithaca, New York, as the judge of potatoes at the Sixth Annual Show this fall, according to A. C. Lytle, Secretary of the Show.

Professor Hardenburg, who has charge of the potato work in New York, will be remembered by many as the judge of the Third Annual Show in 1925. His satisfactory work at that time has prompted the officers to ask for his return this year. Professor Hardenburg will be assisted this year by Professor Martin of New Jersey and Professor Moore of the Michigan State College.

The Show this year is expected to surpass that of last year, when a new record in number of exhibits and attendance was made. Many new exhibitors are now planning to send potatoes. Many of these new exhibitors will be from the four new County members of the Show: Kalamazoo, Crawford, Oscoda, and Alcona.

The Show will be held in Grayling on October 31 and November 1 and 2.

FEW SHOW SYMPTOMS TUBERCULOSIS

Active or suspicious cases of tuberculosis were diagnosed in five of the patients who attended the free chest clinic conducted in Grayling on August 13 and 14 by the Michigan Tuberculosis Association.

One of the patients was found to have an active case of tuberculosis. The clinic doctor advising him to return to the next clinic for a second examination.

The clinic was financed by the annual sale of Christmas seals in which the residents of Crawford county participated.

Dr. C. W. Toan, the examining physician, expressed himself as well satisfied with the findings of the clinic.

"The cooperation we received from the local agencies, particularly in sending in contact cases, was very gratifying," he said. "We find in all our clinics that people are realizing more and more that the only safe thing to do, if they have been exposed to tuberculosis, is to have a frequent checkup made on their condition. Patients in both groups were referred to their family physicians for further advice and treatment."

Miss Kate Hiltz assisted at the clinic.

ACTIVITIES OF CONSERVATION DEPT.

Lansing, Aug. 20.—Completion of a truck garage and storehouse at Mio for the use of Michigan's forest fire fighting forces in District No. 10, comprising Alcona, Iosco, Ogemaw, Crawford counties, is predicted for this fall by Chief Forest Warden Andrew The garage will be used to service Department of Conservation trucks that operate in these counties.

The Department purchased the Alcona branch of the Detroit and Mackinac railway when permission was given for abandonment. Many of the station buildings were sold but sufficient lumber has been salvaged for use in building the structures at Mio. All the telephone line owned by the company along this right-of-way was included in the purchase and the price paid for the entire property and buildings would not have constructed this valuable communication link. It is used by the fire wardens in the protection of their districts.

Lansing, Aug. 20.—Three large sign boards, 12 feet by 25 feet, cautioning tourists about the use of fire in the forest fire danger zones are to be erected at various points in the Upper Peninsula. One will be placed near St Ignace, at the junction of the Wakenod and Grand Island roads, the third just west of Mackinac. The boards while they will be painted to attract attention, will not reflect the eye.

Lansing, Aug. 20.—The Department of Conservation will sponsor a wild life show at the State Fair at Detroit, Grand Rapids and Escanaba and a number of the larger county fairs this fall. P. H. Hoffmaster, Superintendent of State Parks, will supervise the placing of exhibits. The exhibit will be an educational project, giving state citizens an idea of the scope and nature of the work the Department is doing.

Lansing, Aug. 20.—Many fishermen are encountering great grief through the use of perch as bait this season. Reports of cases coming into the Conservation Department indicate that a larger number than the average yearly toll have been received this season. E. A. Westerman, Superintendent of Fisheries and head of the Fish Division, believes that the law is broken through ignorance on the part of the fishermen rather than through disobedience. The statute provides that minnows of the common variety, including chubs, shiners, suckers, dace and stoneroller minnows, may be used for this purpose but all game fish are protected.

In some instances the bait boxes have shown 100 per cent perch while in others there have been several minnows that might be used legally mixed with perch. Superintendent Westerman desires to caution fishermen about this practice which seems to be growing. Prosecution is sure to follow if the angler is caught violating the law.

Lansing, August 21.—Moose and beaver are plentiful on Isle Royale, according to Hugh E. Green, Chief Conservation Officer, who has just returned from a visit to this island in Lake Superior. During his trip, Mr. Green saw 23 moose and he reported that beaver were so numerous and tame, particularly around the southern end of the island, that they swam around the boat in which he was a passenger.

The trip was made in the interest of improving game conditions, as it has been reported that the coyote population is reaching the point where almost any sort of wild life depredation may be expected. Steps will be taken to counteract this menace.

FREDERIC NEWS

Mr. and Mrs. Wilford Cameron of Pontiac visited relatives here last week.

Sanford Charron was attending school at Gaylord last week. He is the only one from Crawford County, so his chances are good for a State Fair trip.

Will Lewis is here bringing his mother home from Saginaw last Monday. His daughter, Miss Winifred, who has been taking a vacation here the last two weeks, will return with him.

Rev. Earle has made a great improvement in the appearance of the church and parsonage by a new coat of paint. He and Sidney Barber will attend the West Michigan Conference at Augusta, on Gull Lake next week.

Mrs. Eli Forbush is at Rosecommon with her daughter, Mr. Sheppard. John Parsons of Rogers City has sent out arrival notices of a son, John Rogers by name, whom they intend to make a salesman in the market later on.

Mrs. Ray Hopkins is still detained here by the boy's arm which is doing nicely with treatments at Gaylord. Mr. and Mrs. Corydon Forbush are visiting at Lansing this week.

Miss John Burke returned from the south part of the state last week bringing her son from Toledo with her.

John Armstrong and wife from Little Rock are here calling on old acquaintances, also Miss Emma and Alfred Armstrong's family.

Mrs. Gilbert Cronin and family have gone to Detroit where they will take Horace Greeley's advice and stay up with the city. Mr. Will Johnson and sons have a small factory where they saw make some very pretty souvenirs, getting orders from Mackinac Island and other places.

Rudney Cameron and wife of Detroit and Mrs. Charles McCullough of Grayling who lived here 30 years ago were callers last week at the old homestead, after a drink of good water.

LOVELL'S NEWS

Miss Emma Louise Pochelon is entertaining Miss Elizabeth Fredericks and Miss Elizabeth Gettings from St. Louis, Mo. The three motored up from Detroit on Friday.

Mrs. O. B. Marx and son Oscar of Detroit who have been spending some time with Mrs. Brandstetter, went home Sunday.

Floyd Lawton of Manton spent the week-end as a guest of Miss Pochelon.

Mr. Joe Shannon is the guest of Julius Pochelon.

Mr. and Mrs. Bernhard Mundt and children who have been visiting Mr. and Mrs. Joseph Daby, returned to Saginaw Sunday. Mrs. Daby is returning with them for a short visit.

Ray Daby was a Grayling caller Tuesday.

Mr. and Mrs. John Besemer and young son are visiting the Pochelons. Mrs. Jessie Kuchl and daughter, Miss Helen Kuchl and Mrs. L. McQuinn have left the "Cabin" and returned to Saginaw.

Mr. and Mrs. Alfred Stephen and Mr. and Mrs. Francis Nephew spent Sunday at Mio.

Nephew in the minority. He saw very few specimens, but observed one caribou scampering over the rocky country. The island is growing in popularity as a resort. There are numerous cottages and three hotels in operation.

CENTRAL STATES
NEED ST. LAWRENCE
WATERWAY

Election of Herbert Hoover is nec-
essary to insure completion of the
negotiations looking toward construc-
tion of the Saint Lawrence seaway
because Governor Smith is a bitter
foe of the plan, Governor Fred R.
Zimmerman of Wisconsin declares in
a statement printed in the Christian
Science Monitor.

In the face of Mr. Hoover's con-
tinuous effort to advance the project
from one stage to another, the Dem-
ocratic candidate for president con-
sistently has opposed it. The last
time he did so was in his annual mes-
sage to the New York legislature in
which he favored the route "across
New York which would cost much
more than the Saint Lawrence, be
longer and of very doubtful value."

"If the northwest wants a water-
way, it doesn't want Smith, and I
cannot imagine farmers in Wisconsin,
Michigan, Illinois, Iowa or Minneso-
ta supporting Smith in view of the
fact that they are aware that Hoover
and not Smith is the man to whom
they can look for the relief which
would be made available by the con-
struction of such a waterway," the
Wisconsin governor said.

Bread and milk together are good

Thick lamb chops may be seared on

and the broiling finished in the oven.
They should always be served piping
hot, so it is necessary to have all
the other dishes of the meal ready

YOUR HEALTH ON YOUR TRIP

By Erwin Greer
(President Greer School of Electric
and Automotive Trades, Chicago, Ill.)
One of the greatest truths in the
world is needed by all to be that
when big heated outdoor-loving men
travel, they go to the mountains, the
lakes, the desert, and the woods, they
are going into their own bodies.
Where kindly Nature will smile upon
and protect them, and if they do not
fare well it is probably on account
of a prolonged stay at the city,
steamed office, or of shattered
nerves and lowered vitality, the re-
sult of doing trade and earning
about it.

By the way of things to avoid:
let your natural instinct guide you.
It will tell you not to do rash things.
It will tell you when you are
eating unknown fruits and vegetables,
and when you are drinking water
from the highway.

Factor that has always meant every-
thing in the success of a trip of this
kind is to remember only one date—
the one of your arrival home. Don't
have any appointments and don't
make any. Follow only your incli-
nations—eat, sleep, fish, hunt, travel,
and loaf until you have had enough
of each—then start all over again
if you feel like it.

By way of honest-to-goodness in-
formation I am going to tell you a
few names of light articles which have
always made up the material kit of
all the trips I have made by motor,
train or foot power in any kind of
a trail and at any season. One-half
ounce tincture of iodine; one ounce
carbolic acid; three ounce bandages
3 in. by 10 yds.; one pair of scissors;
one tissue forceps or tweezer; three
ounces of Rochelle salts; one bottle
vaseline.

Any kind of wound, whether
caused by fish hook, gun powder
(in water) to stimulate elimination
in case an infection develops. Burns
are very common accidents and the
pain of them will instantly stop upon
application with vaseline.
Fortunately, however, clean living
in the open is conducive to better
resistance and the very rapid healing
of ordinary wounds. Avoid using river
water for any purpose if you can get
some from a well or clear spring.

MICHIGAN COURTESY

H. Edwards, of Shaw, Mississippi,
who has been touring East Michigan
for the past month, speaks in warm
terms of the courtesy and hospitality
shown his party throughout this sec-
tion of the state.

"Inmate courtesy while a very de-
sirable attribute," said Mr. Edwards
when interviewed at one of our state
parks, "is infrequent enough to elicit
some comment when encountered."

We have visited camps, parks and
recreational areas in many other
states, but it is our belief that East
Michigan is outstanding for its cour-
tesy. This applies to business men,
tourists, farmers, caretakers in
state parks, traffic officers, etc. This
spirit of courtesy is one which does
more to encourage the continued
visits of tourists than any other at-
tribute. When we are properly
treated we naturally pass the word
on to those whom we meet and when
our experiences are disagreeable and
depressing it is natural to fail to
recommend the place or places where
these experiences were had.

East Michigan certainly is to be
congratulated upon its state parks
and its very wonderful populace. A
have been here a month, and will
probably remain another month, and
we shall certainly be back again next

BAY CITY MERCHANT URGES
CO-OPERATION

A Bay City merchant discussing
this year's tourist business said the
other way.

"Today, a tourist from Thornton,
Kansas, was in my store and I sold
him \$12.25 of supplies of different
kinds. He, like all tourists who have
had the opportunity to see the sec-
tion, waxed enthusiastic about East
Michigan's appeals. I believe that it
is that they are so small minded that
East Michigan business men, then
they become radicals on certain mat-
ters, and can see things only from
one narrow point of view. And, as
some publishers maintain the case-
ness—men themselves might admit
if the profit was taken out of it, it
would soon quit functioning. Editor
Brown was just right in his reply.
He is in favor of prohibition but he
doesn't intend to be dictated to by a
group with unrecognized authority.
He and any other candidate for office,
we believe, would be justified in tel-
ling this out loud. It is none of their
business to reply to their three ques-
tion."

STATE OF MICHIGAN

The Probate Court for the County
of Crawford.

At a session of said Court, held at
the Probate Office in the Village of
Grayling in said County on the 20th
day of August A. D. 1928.

Present, Hon. George Sorenson,
Judge of Probate.

In the matter of the estate of
John H. Hartman, late of the Town-
ship of South Branch in said County
of Crawford, deceased.
Russell A. Stevens, the duly ap-
pointed administrator, having filed
in said court his petition, praying for
license to sell the interest of said
estate in certain real estate therein
debeited for the purpose of paying
debts, and for distribution.

It is ordered that the seventeenth
day of September A. D. 1928, at ten
o'clock in the forenoon, at said pro-
bate office, be and is hereby appointed
for hearing said petition, and that
further notice will not be given in
said matter, and therefore be it
known that all persons interested in
said estate appear before said court
at said time and place, to show cause
why said estate in said real estate should
not be granted.

It is further ordered that public
notice thereof be given by publica-
tion of a copy of this order for three
successive weeks previous to said day
of hearing in the Crawford Avalanche
a newspaper printed and circulated in
said county.

GEORGE SORENSON,
Judge of Probate.A true copy.

EDITOR TELLS 'EM WHERE TO
GET OFF

Editor Vernon Brown of the News-
Mission, who is a candidate for the
legislature, received a questionnaire
from the Anti-Saloon League to which
he replied as follows:

3rd. If nominated and elected to
office will you support and vote for
such legislation as experience may
show to be needed in order to secure
a better enforcement of existing pro-
hibition laws and as may be agreed
upon by the recognized dry leaders
in the Legislature?

This question is answered by ask-
ing another. Recognized by whom?
If you mean the paid agents of the
Anti-Saloon League of Michigan, then
my answer is no. If it is meant
to inquire if I am in favor of a
strict observance and strict enforce-
ment of the prohibition and other
laws, then my answer is yes. I yield
to no man or group of men in my
regard for law observance.

The great trouble with some people
is that they are so small minded that
they become radicals on certain mat-
ters, and can see things only from
one narrow point of view. And, as
some publishers maintain the case-
ness—men themselves might admit
if the profit was taken out of it, it
would soon quit functioning. Editor
Brown was just right in his reply.
He is in favor of prohibition but he
doesn't intend to be dictated to by a
group with unrecognized authority.
He and any other candidate for office,
we believe, would be justified in tel-
ling this out loud. It is none of their
business to reply to their three ques-
tion."

EDITORIAL PARAGRAPHS

The notification speeches of the
various candidates are a good deal
like the opening address which the
lawyers make to the jury.

Frank H. Simonds, noted writer of
international politics, says that Eur-
ope is opposed to the election of Mr.
Hoover, because it feels he would not
be in favor of cutting down the Euro-
pean debts. It is doubtful however,
whether Mr. Hoover's views on this
subject will lose him many votes in
the United States where the votes
count.

It is said that Uncle Sam made
more profit out of the Tunny-Ho-
ney fight than the promoters, which
isn't such a bad idea after all.

"Smith Sweep Seen in South-Car-
olina," says a headline in the New
York Times. Well, it will be pretty
difficult to get anybody excited about
that.

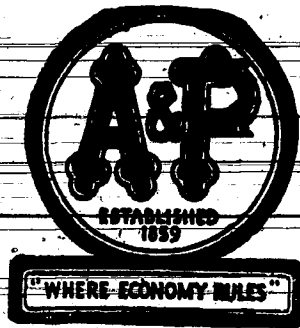

One crop which never seems to fail
on campaign years is the one out of
which they make applesauce.

One way you can always get a
little publicity is to announce that
you have deserted the old band
wagon and joined the opposition
party.

Third party movements this year
seem to be about as popular as long
skirts.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, Aug. 24, 1905

Mrs. Maude Malafant is home from Cheboygan for a visit, at grandpa Robinson's.

O. B. Shook and wife went to Saginaw last Monday for a rest and visit with their old friends.

Fournier's drug store is being entirely refurnished with side case and counters, making it an up-to-date, inviting saleroom.

Mr. and Mrs. A. E. Evans, who have been the guests of their sister, Mrs. W. M. Woodworth, this summer, returning to their home in New York yesterday.

Miss Williams has gone to her old Tekonsha home for a few days, and from there will visit the eastern cities to select her millinery stock for the fall trade.

The Pioneer Store of Salling, Hanson and Co., is so rejuvenated by new side cases and glass counters, as to be hardly recognized. There are a few stores in the state better equipped.

E. Davis and Jas. Ball, with their wives took their vacation last week, fishing on the North Branch. Their car is sidetracked at Lovells, and they seemed to be enjoying life, and fish.

Telegrapher Harry Johnson was given a chance to look over the home over Sunday. He has just been sent over the L. S. line to Buffalo to learn the double order system which we understand is to be the standard of all lines.

Do not imagine that L. T. Wright is dangerously ill on account of his Ray Owen behind the counter distrac-

tioned expression. Mrs. Wright has been visiting her sister in Pennsylvania for the past three weeks, and will probably be gone for a month longer.

Geo. Stow of Big Rapids, Lester John Heester of Tecumseh, and Chas. A. Canfield of Bay City, W. S. were guests of Fred Michelson, last Friday evening. Charlie remained over Sunday, shaking hands with old friends.

Salling, Hanson and Co., have spread a carload of crushed stone in front of their store and office, for an experiment. It is expected that this will make a solid and smooth road, and that the village will use the same for the improvement of its streets.

Highway Commissioner Charles Robinson was doing some surveying through the brush at Portage Lake Monday morning, carrying an axe on his shoulder, when he caught his foot in some way and fell. The axe cut a severe gash over the ear, severing an artery which let out enough blood to make him look sick before it was checked.

A flying trip to Lovells last week, gave us a chance to look over the town. The mill of T. E. Douglas & Co. was running, and as busy a place as one would wish to see, as it put out lumber, lath, staves and shingles, of which there is a fine stock in the yard. At Douglas' store, we found Simms, Edgar Wilkison, William S. Chalker, B. P. Sherman.

uting goods like a veteran. A large general stock is carried, and they have a fine trade from that part of the county which is forging to the front as an agricultural section.

William G. Woodfield went to Mt. Clemens Tuesday to see if he could get rid of his rheumatic troubles with which he has suffered of late.

The long distance telephone office is moved from the express office to McMillan's restaurant.

H. Joseph is not satisfied with a trout less than 18 inches in length and this week brought in a pair of rainbows—almost 20 inches.

Mr. Warren Frances and family of Mason are visiting his parents, Mr. and Mrs. J. K. Bates and also his sister, Mrs. H. A. Pond and other relatives.

It is announced that a deal has been closed between the Michigan Central and the executors of the Ward estate, whereby the M. C. acquires ownership of the Detroit & Charlevoix railroad. The Ward estate gave the M. C. an option on the property sometime ago, which has recently been accepted and details of transfer are now being arranged. This means the extension of the D. & C. to Charlevoix at once—Cheboygan News.

Champion Fish Story. While fishing for bass in the Ride river below the Omer dam last Sunday Chris Gorie hooked a pickerel weighing twenty-one pounds and five ounces. It girthed 17½ inches and was 39½ inches in length. It took two hours before he succeeded in landing him, and what makes the performance more remarkable was that a light steel rod and No. 20 silk trout line and a No. 4 troll was used.—West Branch Herald.

Following is the list of Jurors drawn for the September term of the Circuit Court:

Frederic—Chas. F. Kelley, George O'Brien, Henry Ensign, L. J. Gies, Norman Fisher, Maple Forest, W. C. Johnson, Jos. Simms, Edgar Wilkison, William S. Chalker, B. P. Sherman.

Grayling—Henry Nolan, Carl Wilson, Olaf Sorenson, Julius L. Larson, John Stephan.

Beaver Creek—L. B. Merrill, Ray Skingley, Wm. Hatch, Henry Ashenfelter.

South Branch—Jos. Scott, Frank Gregory, George Hickey, C. E. Kellogg, Chas. A. Cook.

Inside Information

A mint flavored gelatin is appetizing with cold lamb. Sliced cucumbers may be placed in the bottom of the mold.

Each child's costume should have at least one pocket. If pockets on the dress spoil the design or if they cannot be used because of plaits or some other feature, make one in the bloomers.

Make both bloomers and dresses for little girls large enough to allow for wide tucks and hems to be let down when the material shrinks and the child grows. A tuck in the bloomers on a level with the lower end of the plackets will not show, nor will a wide tuck in the undergarment of these allowance tucks just once, stretch them every half-inch of their width with a moderately long loose stitch. Each time a stitching is finished out one inch is added to the length.

Watch your posture while at various household tasks. Keep your back straight and bend from the hips. Do not slouch in a chair while sitting at work. Sit well back in your chair.

If your tables, sinks, tubs, and other surfaces where you work a great deal are not the right height and cause you to stoop over, see whether they could not be raised. It pays even to have plumbing fixtures raised when necessary to save fatigue.

Keep cool and well

Heat bothers people who are not in best health. Keep your body strong and your mind clear and active these days by eating light, easily digested foods with plenty of roughage. Shredded Wheat has all the bran you need. Its toasted shreds of whole wheat are easily digested because they compel chewing, and are so good that you want to chew them anyway!

Serve Shredded Wheat with milk and peaches or berries. Everyone will like it—and it's good for them.

O. K. with the exception of item number 1 and item number 8, \$100 to be allowed on item number 1, item number 8 to be paid and bill to be referred to the Board of Supervisors.

Emil Giegling, Geo. W. McCullough, E. G. Shaw.

Moved by A. J. Joseph and supported by Thos. Cassidy that the reason for the seemingly high cost of erecting the fire siren tower be explained by the telephone company. Yea and nay vote called. All present voting yea.

Moved by A. L. Roberts and supported by Emil Giegling that we buy enough 8 inch McWane pre-cast iron pipe to run from the main on Cedar Street to the end of the proposed pavement at the intersection of Spruce Street, also enough 6 inch McWane pre-cast iron pipe to run from the intersection of Cedar Street down as far as the Michigan Central depot, also that we buy the necessary pipe fittings. Yea and nay vote called. All present voting yea. Motion carried.

Moved and supported that this board adjourn until Wednesday evening at eight o'clock. Motion carried.
